

## Cannabis for the Management of Symptoms of PTSD: Surveillance – April 2022

### Objective and Search Period

To identify new eligible controlled clinical trials and observational studies with comparator groups examining the effects of cannabis on PTSD symptoms, we searched Ovid MEDLINE ALL, PsycINFO, Cochrane Database of Systematic Reviews (CDSR) CENTRAL, Google Scholar, Embase, PTSDPubs, and clinicaltrials.gov for studies published from **October 2021 to April 2022**.

### Surveillance Update

Our updated searches identified 121 unique citations. After review, we found no new studies that met our eligibility criteria. The next surveillance will be conducted in August 2022.
